A SCANNER DARKLY is a new film from Warner Independent Pictures based on a story by Philip K. Dick, the Writer who created the story the Blade Runner film was based on. Director Richard Linklater uses the same live action photography overlaid with an advanced animation process called interpolated rotoscoping that he used in his 2001 film Waking Life. A SCANNER DARKLY stars KEANU REEVES, ROBERT DOWNEY JR., WOODY HARRELSON, and WINONA RYDER, and the first twenty seven minutes will be screened starting at 12:00 P.M.

Writer/Artist TOMMY KOVAC has created such independent Comic Books as AUTUMN, STITCH, and SKELEBUNNIES for SLG.
